Shop Rolls

Available in Aluminum Oxide & Silicon Carbide in a variety of materials and backings, so just let us know what you need!

Rolls available in any width and length for all your sanding needs.

Just cut to the needed size for your hand block, jitterbug sander, drum sander or anything else you need for the task ahead.

Cloth Sheets

Sheets cannot be beat for your hand sanding applications. Used on wood, solid surface, auto body filler, clear coat sanding, rust removal and waterproof sanding needs

SHEETS

Cut sheets in Plain, PSA, Paper or Cloth available for your hand sanding.

Silicon Carbide Dry Stearated Paper (Gray)

These stearated silicon carbide sheets will give a cleaner finish with reduced loading.

Silicon Carbide Waterproof Paper (Black)

Used for final finishing of wood, metal, fiberglass and glass. Performs especially well on solid surfaces. Used for wet or dry finishing.

Aluminum Oxide Stearated Paper (Gold)

The stearated surface resists loading when sanding sealer, paint, lacquer, ect. Works great on wood, plastic, metal, and glass.
