

PAPER DISCS

PSA, Hook & Loop

Let **FINTECH** help you specify the best disc for your application!

Available in white, gold or red in PSA and Hook & Loop. These high quality discs offer premium aluminum oxide grain on a C and D weight paper backing. The sterate coating resists loading and runs cool for improved life.

Available in most hole patterns.

Used on wood, metal, primer, fiberglass and plastics in all areas of manufacturing and automotive aftermarket.

Plain or PSA paper discs also available in heavy F weight backing in aluminum oxide or silicon carbide for your tough jobs.

Sanding Triangles
